

MULTI HEADS SCALING MACHINE - For Construction

MHS-5 - Multi Head Scaler
 For Concrete and Hard Surfaces
 Weight: 114 kg
 5 pistons x 1,300 BPM

FAST CONCRETE REMOVAL

5 pcs bush hammer scabbler head

TCT 5 point bush head
 Part No 441.5359

Features:

- Built in dead man's handle
- Large Wheels for rough terrain
- Vibration reduced to combat operator's fatigue

MULTI HEADS SCALING MACHINE - For Marine

Features:

- Effective in removal of road marking, ship deck paint and rust

Features:

- Eleven pieces of Carbide Bush Heads for faster removal rate
- Heavy Design Head Block for effective roughening of concrete surface

Integral Piston
 Tungsten Carbide Tipped
 Part No. 612.0125

MHS-11 - Multi Head Scaler
 For Concrete and Hard Surfaces

Spark Proof Head
 Part No. 606.5303

X-Form Head
 Part No. 426.5351

Bush head
 Part No. 426.5352

Taper Piston
 Part No. 612.5301

SF-11 - Multi Head Scaler
 For quick rust removal on steel surface

MULTI-HEADS SCALING MACHINE
