

## SMD Series Anti-Vibration Grinders

### Features:

- Ergonomically designed safety trigger improves levels of operator comfort
- Improved air motor design for greater efficiency and power
- Anti-vibration design for greater operator's comfort

MODEL	RPM	Power (HP)	Dimension	Weight (kg)	dBA	Air Cons (m <sup>3</sup> /min)	Exhaust Outlet
SMD-25LR	25,000	1.1	ø 44 x 206	0.80	77	0.62	Rear

## radiusburr

Radius Burr - CMN61225-2	
Head Diameter	12.7 mm
Head Length	25.0 mm
Cutting Length	16.0mm
Radius	20°
Shank	6.0 mm
Overall Length	70.0 mm

Design: Unique inverted curve which is ideal for creating smooth radius on sharp corners

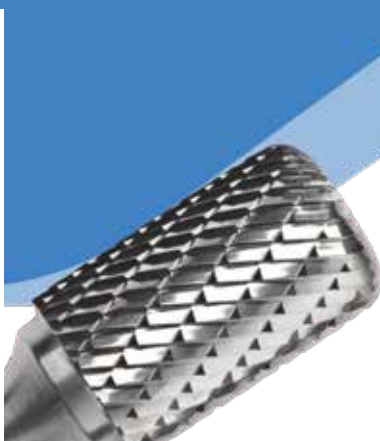

## CombiBurr

CombiBurr-DN61220-2	
Head Diameter	12.7 mm
Head Length	20.0 mm
Shank Diameter	6.0m
Overall Length	63.0m

Design: Bringing together an inverted cone and a ball shape onto one carbide burr

## Corner Radius Burr

Corner Radius Burr A61225-6RAD	
Head Diameter	12.7mm
Head Length	25.0mm
Shank Diameter	6.0mm
Overall Length	70.0mm

Design: A standard double cut (Cut 6) for general purpose use, which improves operator control and reduces the size of chips.

The features of the Corner Radius Burr's unique geometry provide the following benefits:

- Improves flute strength at the head of the burr
- Improves burr control
- Prevents digging into work piece at the intersecting point
- Produces radius finish on the work piece
- Reduces flute chipping at the intersection points

## Engravepen

The Air Pen with solid carbide tip that writes on any hardened steel, glass and other hard surfaces. The Engravepen comes with a 2.5 metre hose.

Model	EP400-1
Frequency (stroke/sec)	540
Dimension (mm)	ø 17 x 140
Weight (kg)	0.15
dBA	65
Air Cons (m <sup>3</sup> /min)	0.02
Exhaust Outlet	Rear
