

## VALVE GRINDER Art. 209

An essential air grinder in any workshop for a quick valve grinding.

- Robustly made
- Light, practical and easy to handle
- Able to control speed by adjusting air flow
- Weighs 1.5kg only
- Comes with ø22, 33 and 40 rubber suction pads

## RECHARGEABLE LED LAMP Art. KB 140

### SMB Rechargeable LED Lamp

**Features:**

- Compact and Easy to Handle
- Adjustable body up to 150°
- Magnetic base and body
- Battery Indicator Display
- Integrated extractable hook
- Comes with 100/240 V USB charger

Dual light source

Magnetic base & hook

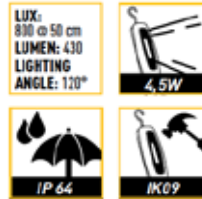

USB charger

Adjustable body

## RECHARGEABLE LAMP Art.345

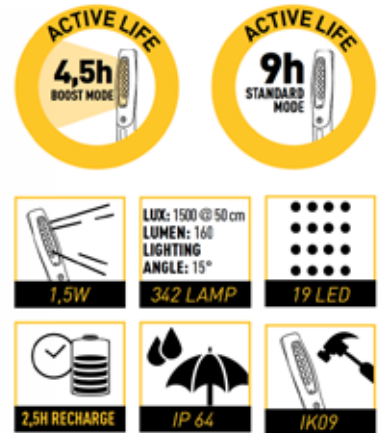

### COB LED Rechargeable Lamp

- Shock resistant (IK09)
- Water and Dust resistant (IP 64)
- 430 Lumen
- 2.5hr operating time
- Comes with 100/240 V charger

## LED RECHARGEABLE LAMP Art.342

### Portable Rechargeable Powerful LED Lamp

Handy & Rugged for Inspection jobs in dark and wet places (IP64)

**Other Features:**

- Shock resistant (IK09)
- Water and Dust resistant (IP 64)
- 160 Lumen
- 9.0hr operating time
- Comes with 100/240 V charger

## SPRING BALANCERS

**Features:**

- Die-cast aluminium case
- Continuous capacity adjustment from max value to min. value
- Cable travel easily adjusted for fitting every need
- Two suspension points to guarantee max. safety
