

## BATTERY & ALTERNATOR TESTER Art. 210

Modern microprocessor tester for batteries and alternators. Simple, fast, intuitive and accurate to use.

### Features:

- 12V Test
- Test Time: 15 seconds
- Suitable for standard batteries and with Gel technology
- Temperature Compensation
- The test doesn't run down the battery
- Characters (2 x 16) display at high visibility, with LED backlighting.
- Weighs 1.5kg only

## RADIATOR TESTER Art.415

- Pressure testing the cooling system of cars
- Detects any leaks in the cooling system
- Can be used on most Continental and Japanese cars
- weighs 2.0kg only

## JUMBOZECA Portable Exhaust Gas Extractor Art. 673

Allow the mechanic to work on the vehicle with the engine running without causing air pollution.

<b>Powered by:</b>	220 Volt Engine (50Hz)
<b>Protection Degree:</b>	IP54
<b>Supplied with:</b>	1.5m Power Cable (3 x 1.5mm <sup>2</sup> )
<b>Delivered with:</b>	6m plasticized heat-resistant (130°C) ducting hose (120mm diameter)
<b>Capacity:</b>	410m <sup>3</sup> /h
<b>Length Outlet Hose:</b>	18m (max)
<b>Height Outlet Hose:</b>	12m (max)

### Special Features:

- Easy to adjust height and suction setting
- Its quick fit collar allows easy disconnection when moving from one location to another.

Art. 678 - Additional Ducting Hose (6 metres)

## PETROL RECORDING COMPRESSOR TESTER Art. 362

- Include 50 spare cards, 5 spare rubbers and 1 adaptor
- Recording card with wide scale approximate 50mm of coated surface provides clear, accurate print out of test
- Possibility of recording 8 tests on the card (+2 optional ones)
- Quick connection system locates into the spark-plug hole and expands due to pressure in cylinder
- Tester incorporates an engine rotation control mechanism
- Weighs 2.4kg only

## DIESEL RECORDING COMPRESSOR TESTER Art. 363

- Include 50 spare cards, 3 connectors, without dummy injectors
- Provides quick and accurate written information on compression and indicates the condition of the cylinder bores, pistons, rings, etc, before dismantling the engine
- Recording card with wide scale
- Possibility of recording on the card 8 tests (+2 optional ones)
- Quick connector system on dummy injectors, no spanners necessary
- Weighs 2.5kg only
